## TWO MILLIONS DURING MONTH

Official Report of Supervisor Issued Last Night.

#### CONTINENTAL OFFICERS HERE

Meet in Conference and Discuss Various watters-Sales on the Breaks Yesterday ... uch Smaller-Visis

tors on the Market.

The official monthly report of Mr. W. D. Cushman, supervisor of the Richmond tobacco sales, was issued last evening. it is probably the most remarkable exhibit of its kind in the history of the trade, and as such it is exciting no lit-

Among other things the report produces accurate figures of the sales of tobacco during the past month, a matter over which there has sprung up considerable discussion. It shows a grand total of 2,083,663 pounds, a record-breaking amount. For the past week there is given a total of 959,065 pounds, another record-breaker.

A significant fact in connection with the report is that the price quotations are the same as those of last week. There has been no drop, despite the tremendous receipts. A slight towering in some directions has been due to the inferior quality of some of the tobacco offered.

Several of the officers and representatives of the Continental Tobacco Company, the American Cigar Company and the American Tobacco Company were in Richmond yesterday on a visit. It is understood that they met in conference discussing various matters of interest to the big combinations. One of the topics was the new factories to be built in Petersburg and Norfolk, Among those here were the following: Mr. H. A. Walker, of Danville, manager of the leaf department there for the Continental: Mr. W. G. Brown, of Rochester, N. Y., manager of the Kimball Branch the American Tobacco Company; Mr. A. Carrington, o. Danville, connected with the export department of the American Tobacco Company; Mr. E. H. Pat-terson, of the Continental Company at New York, and Mr. Luckett, of New York, connected with the American Cigar

The offerings of tobacco on the Richme d breaks yesterday, which wind up this most remarkable week, were, as anticipated, smaller in size and in prices, Shelburne Warehouse and Crenshaw's had about 75,000 pounds each; Shockoe, 20,000 and Stonewall probably as much. The farmers have all gone home, they will doubtless see to it that they do not get mixed up again in such a way as happened on Tuesday and Wednesday, on the ma ket vesterday were low er, showing a drop of 10 to 15 per cent. In some cases. This should not, however, be taken to indicate that there is a serious slump. Much of the tobacco of-fered to-day had been in the wagens all the week and had become wet and hot, and consequent'y less desirable. For the quality of it the prices were very
